RECOMMENDATION:

That the Board:

1. Approve the final acceptance of work performed under Contract No. 3184 as outlined in the body of this report;
2. Authorize the Department's Chief Accounting Employee to release all retention monies held under Contract No. 3184 to HMI Construction Service upon the acceptance by the Board Office; and,
3. Authorize the Board Secretary to furnish HMI Construction Service with a letter of completion.

SUMMARY:

The construction contract for the Evergreen Recreation Center - Childcare Center (W.O. #E170354F) project was awarded to HMI Construction Service, on May 3, 2006 (Board Report No. 06-108), in the amount of \$2,030,000. The project, which is located at 211 South Evergreen Avenue, Los Angeles CA 90033, was completed on May 22, 2009. Plans for the project were prepared by Miralles Associates, Inc., an architectural consulting firm. The work included the construction of a new 4,150 square foot Childcare Center with a new children's playground area, a new parking lot, site landscaping and new fences/gates. The plans also required earthwork to provide a certified building pad and required a methane mitigation system, which delayed the project significantly.

REPORT OF GENERAL MANAGER

PG. 2 NO. 09-225

The Bureau of Engineering, Construction Management Division (CMD), completed the construction management of the project under the Proposition K Program. The Certificate of Occupancy was obtained on November 17, 2008.

The Bureau of Engineering has informed the Department that this project was completed with 47 Change Orders, for a total of \$474,985 or 23.4 % of the base contract amount. There were three large change orders broken down into the following categories: Unforeseen utilities changes (\$76,627), Fire damper design and installation issues (\$70,129) and Change of Scope to meet RAP staff/childcare staff requirements (\$58,000). These three major change orders along with the other change orders to the project amounted to \$474,985. The final contract amount is \$2,504,985.

The Bureau of Engineering has consulted with the Office of Contract Compliance concerning the status of the labor compliance requirements and Affirmative Action requirements on the project. There are no outstanding wage violations and HMI Construction Service is in compliance.

FINANCIAL IMPACT STATEMENT:

Funding for the project came from General Funds 2002-2003, Proposition K, Proposition 12 Murray-Hayden, Proposition A and Quimby funds. There is no fiscal impact to the Department's General Fund at this time.

This report was prepared by Ray Araujo, Recreational and Cultural Facilities Program. Review by Neil Drucker, Program Manager, Recreational and Cultural Facilities Program; Deborah Weintraub, Chief Deputy, Bureau of Engineering and by Michael Shull, Superintendent, Planning and Development Division, Recreation and Parks.

RECOMMENDATION:

That the Board:

1. Authorize staff to prepare an inter-departmental memorandum to the City's Bureau of Engineering (BOE), consenting to the vacation of a portion of Frederick Street from Commonwealth Avenue to the alley northwesterly thereof;
2. Authorize staff to work with the City Attorney to prepare document(s) imposing conditions on the subject street vacation applicant, releasing the City of any future liability related to said applicant's property and that portion of Fredrick Street being vacated; and,
3. Authorize the General Manager to execute the Consent and Waiver Form attached hereto, provided by the BOE as part of the street vacation proceedings.

SUMMARY:

Kenneth D. Donaldson, owner of a residential property located at 899 Commonwealth Avenue, Los Angeles, California 90291, and legally described as Lot 79 of Tract 5109, in the community of Venice, has submitted an application to the Bureau of Engineering (BOE) requesting the vacation of a portion of Frederick Street adjacent to the applicant's property and the Department of Recreation and Park's (Department) Penmar Golf Course. The subject street vacation area is an unimproved right-of-way, also known as a "paper street", located between the applicant's property and the Department's Penmar Golf Course.

REPORT OF GENERAL MANAGER

PG. 2 NO. 09-227

The proposed street vacation proceedings were initiated by City Council (Council File No. 06-2463) in accordance with City approved procedures. The procedures direct BOE to investigate the feasibility of the proposed street vacation and to prepare a report of its finding for consideration by the Public Works Committee.

The City Engineer's report, dated March 28, 2007, states that the applicant has submitted his request in order to transform the unimproved portion of the vacation area adjacent to his residence into a safe, usable side yard. The applicant has agreed to erect a thirty (30) foot high barrier net at the fence line in order to mitigate the potential of bodily injury and/or property damage due to errant golf balls coming from the Penmar Golf Course, and has agreed to waive liability for any and all damage that may be caused by errant golf balls. The proposed vacation will have no impact on the Department's Penmar Golf Course.

On July 25, 2007, the City Council approved the Public Works Committee's recommendations to find that the street vacation is acceptable and categorically exempt from the California Environmental Quality Act of 1970, pursuant to Article III, Class 5(3) of the City of Los Angeles Environmental Guidelines.

Staff from the Department's Golf Operations has consulted with the Real Estate and Asset Management Section and concurs with this report's recommendations.

FISCAL IMPACT STATEMENT:

Consent to the proposed street vacation will not have any direct fiscal impact to the Department. Any costs associated with the street vacation, including application fees and any/all City-required improvements are the responsibility of the applicant.

This report was prepared by Gregory Clark, Management Analyst II, Real Estate and Asset Management Section.

Dear Sir:

The undersigned hereby certifies to be the owner(s) of the property in the City of Los Angeles, County of Los Angeles, State of California, legally described as:

Lot 79 of Tract No. 5109

I (We) am (are) informed that proceedings for the vacation of the Frederick Street from Commonwealth Avenue to the alley northwesterly thereof, which lies southwesterly of and adjoins my (our) property, have been instituted by the City of Los Angeles under Council File No. 06-2463.

I (We) hereby consent to this vacation and waive any and all damages that may accrue to my (our) property by reason of said vacation.

It being understood that the above waiver relates solely to the vacating of the public easement over the above mentioned public right of way pursuant to the "Public Streets, Highways, and Service Easements Vacation Law" of the California Streets and Highways Code. This Consent and Waiver is binding upon the undersigned, their heirs, successors in interest and assignees.

RECOMMENDATION:

That the Board:

1. Approve a proposed Amendment to Agreement No. C-112258, substantially in the form on file in the Board Office, between the City of Los Angeles and the Los Angeles Neighborhood Initiative (LANI), to extend the time of performance for one additional year from September 9, 2009 to September 9, 2010, subject to the approval of the Mayor and of the City Attorney as to form;
2. Direct the Board Secretary to transmit the proposed Amendment to the Mayor, in accordance with the Executive Directive No. 3 and to the City Attorney for review and approval as to form; and,
3. Authorize the Board President and Secretary to execute the proposed Amendment, subject to approval as to form by the City Attorney.

SUMMARY:

The Bandini Canyon Trails project (W.O. #E1906001) is located at 420 O'Farrell Street, San Pedro. The project consists of constructing a pedestrian nature trail, landscaping, irrigation, interpretive signage, fencing, playground, and a tot lot.

REPORT OF GENERAL MANAGER

PG 2

NO. 09-228

On July 11, 2007, the Board of Recreation and Park Commissioners approved City Contract No. 112258 between the City of Los Angeles, acting by and through its Board of Recreation and Park Commissioners, and LANI for the purpose of LANI providing project management and construction management services for the Bandini Canyon Trails project (Board Report No. 07-162).

The project was originally scheduled to be completed in January 2010. The construction contract and Notice to Proceed were issued to contractor Bitech Construction Co., Inc., in December 2008. However, on December 22, 2008, the City received notification from the State that all bond-related payments, which included Propositions 12 and 40 funds, were suspended effective December 17, 2008. The State further advised that all bond-funded projects must be halted unless the projects have non-state funds with which to continue. On January 6, 2009, LANI and Bureau of Engineering (BOE) were able to delay Bitech from starting construction until a cash flow source for the project could be identified.

As of April 9, 2009, RAP and BOE instructed LANI, based on Council approval, to restart the Bandini Canyon Trails project (Council File No. 09-0444). Construction was mobilized on May 19, 2009.

Pursuant to Agreement No. C-112258, Article I, §103, LANI requested a one-year term extension due to the delay in the start of construction. This extension will allow sufficient time to complete the project. The Department and BOE staff support and concur with LANI's request.

FISCAL IMPACT STATEMENT:

There is no fiscal impact to the Department's General Fund.

This report was prepared by Kai Wong, Management Analyst II, Grants Administration, Department of Recreation and Parks.

RECOMMENDATION:

That the Board:

1. Approve a proposed Letter of Agreement, on file in the Board Office, between the Department of Water and Power and the Department of Recreation and Parks regarding the delivery of training in the use of an Automatic External Defibrillator subject to the approval of the City Attorney as to form;
2. Direct the Board Secretary to transmit the proposed Letter of Agreement to the City Attorney for review and approval as to form; and
3. Authorize the General Manager to execute the proposed Letter of Agreement subsequent to the necessary approvals.

SUMMARY:

An Automatic External Defibrillator (AED) is a computerized medical device that can be used to check a person's heart rhythm and restore a normal heart rhythm if necessary. AEDs are very accurate and easy to use. Within a few hours of specialized training a person can learn to use an AED safely. The Department of Recreation and Parks (RAP) has placed AEDs at its golf courses, year-round swimming pools, and senior citizen centers, and has provided AED training to key staff at these sites. Currently, staff is exploring the placement of AEDs at our recreation centers.

REPORT OF GENERAL MANAGER

PG. 2

NO. 09-229

The Department of Water and Power (DWP) has found that RAP provides a superior AED training program and would like to engage RAP to deliver this training to DWP employees. In exchange for the limited delivery of this training by RAP staff, DWP will provide the equipment and materials/supplies necessary for the training, as well as cover the salary cost of those RAP staff who will deliver the AED training.

FISCAL IMPACT STATEMENT:

Staff reimbursements received from DWP to cover the salary cost of those RAP staff who deliver the AED training will be credited to Fund 302, Department 88, as revenue from other funds.
