RECOMMENDATION:

That the Board recommend that the City Council adopt the Resolution, substantially in the form on file in the Board Office, which assigns to the County of Los Angeles the right to apply for Proposition A Cities Excess Funds in the amount of \$4,972,635.20 available to the Third Supervisorial District of the County of Los Angeles, on condition the funds are used for completion of the El Cariso Regional Park Phase II project, located within the City of Los Angeles.

SUMMARY:

The County of Los Angeles is proposing to construct two artificial turf soccer fields and a universally accessible playground at the El Cariso Community Regional County Park located at 13100 Hubbard Street, Sylmar, CA 91342 (CD 7). The park is owned and operated by the County of Los Angeles and the County intends to begin work on this project in Fiscal Year 2010-11. The estimated cost of the project is \$13 million. According to the Safe Neighborhood Parks Proposition of 1996 (Proposition A-II), a portion of the funding to be used for the project will need to be assigned to the County from the City in which the project is located. The County is requesting the City's assistance in securing the Proposition A Excess Funds for this project by assigning the right to apply for the funds pursuant to the Proposition A guidelines. There is \$4,972,635.20 in Proposition A Cities Excess Funds available through the Third Supervisorial District of the County that is scheduled to be used for the project.

Council action adopting the attached resolution will assign the right to apply for these funds to the County of Los Angeles. Once the City's resolution is approved and a copy is submitted to the County, the County will recommend to its Board of Supervisors to allocate the Proposition A

REPORT OF GENERAL MANAGER

NO. 10-222

Cities Excess Funds to the City, and then to accept the assignment of the City's right to apply for Cities Excess Funds for the El Cariso Park Phase II Project. Once the County Board approves the allocation, the County's Regional Park and Open Space District will administer the funds and assume responsibility for project completion.

FISCAL IMPACT:

There is no fiscal impact to the General Fund as necessary funding for the completion of the project will become the responsibility of the County of Los Angeles.

Report prepared by Charlie Maranan, Management Analyst, Grants Administration.
