RECOMMENDATION:

That the Board approve two credit Change Orders in the amounts of \$300,988 and \$225,503, for the deletion of work from Contract No. 3313 with Pima Corporation (Pima), as outlined in the Summary of this report.

SUMMARY:

On April 21, 2010, the Board awarded a construction contract (Contract No. 3313) in the amount of \$1,269,105 to Pima, under Board Report No. 10-086 for the Van Nuys-Sherman Oaks Recreation Center - Universal Access Playground (#1208L)(W.O. #E1904599) and Dearborn Park - Universal Access Playground (#1209L)(W.O. #E1904603) projects, located at 14201 Huston Street, Sherman Oaks, CA 91423 and 17141 Nordhoff Street, Northridge, CA 91330, respectively. Contract No. 3313 was executed on June 2, 2010. The projects call for the development of new universally accessible playgrounds (UAP) with playground equipment on rubberized resilient surface, benches, drinking fountains, landscaping, and irrigation.

The construction is being accelerated in order to meet the State Proposition 40 grant deadline. Among all the materials and equipment to be delivered and installed for the projects, the playground equipment requires the longest lead time. Landscape Structures, Inc. (LSI) was approved by the Board (Board Report No. 08-279) as the sole-source manufacturer for the playground equipment. In order to expedite the fabrication and delivery of the playground equipment, LSI requires a deposit

PG. 2 NO. 10-275

payment in advance. However, under the terms and provisions of the contract, City cannot make payment to the contractor until after the goods and services are received. Another available option to expedite the delivery of the playground equipment is for the City to purchase it directly from the manufacturer through RecWest Outdoor Products, Inc. (RecWest), who is a local sales representative of LSI products and a contract vendor with the City. By issuing a Contract Purchase Order (CPO) to RecWest, order can be placed with LSI to begin fabrication immediately. RecWest/LSI submitted price quotes to the Department to supply the playground equipment, and Pima has agreed to credit Change Orders in the same amounts. The credit due City is \$300,988 for the Van Nuys-Sherman Oaks Recreation Center UAP, and \$225,503 for the Dearborn Park UAP. Therefore, a total of \$526,491 will be deducted from the awarded contract amount of \$1,269,105 for the material costs of the playground equipment. The cash flow loans from the Public Works Trust Fund (PWTF) Proposition 12/40 cash flow account have been approved to provide funds for the issuance of the CPO's. The City will purchase the playground equipment by issuing CPO's to RecWest. The playground equipment will be fabricated and delivered to the job site by LSI, and will be installed by Pima per contract. The Supplemental Agreement Change Orders and price proposals from RecWest/LSI are attached. The Supplemental Agreement Change Orders will be executed upon the approval of this Board Report.

FISCAL IMPACT STATEMENT:

There is no fiscal impact to the Department as a result of the Change Orders, as these are credit Change Orders. The funds necessary to purchase of the playground equipment are covered by the projects' Proposition 40 funding, and the CPO's are issued by using cash flow loans from the PWTF account.

This report was prepared by Paul Tseng, Bureau of Engineering (BOE) Architectural Division. The compensation (time and cost) set forth in this Change Order comprises the total compensation due the CONTRACTOR, all Subcontractors, and all Suppliers, for the work or change defined in this Change Order, including impact on the unchanged work. By signing the Change Order, the CONTRACTOR acknowledges and agrees on behalf of himself, all Subcontractors, and all Suppliers, that the stipulated compensation includes payment for all work contained in the Change Order, plus all payment interruptions of schedules, extended field overhead costs, delay, and all impact, ripple effect or cumulative impact on all other work under this Contract. The signing of the Change Order indicates that the Change Order constitutes full mutual accord and satisfaction for the change, and that the time and cost under the Change Order constitutes the total equitable adjustment owed the CONTRACTOR, all Subcontractors, and all Suppliers, as a result of the change. The CONTRACTOR on behalf of himself, all Subcontractors, and all Suppliers, agrees to waive all rights, without exception or reservation of any whatsoever to file any further claim related to this Change Order. No further claim or request for equitable adjustment of any type shall rise out of or as a result of this Change Order or the impact of this Change Order on the remainder of the work under this Contract.

RECOMMENDATIONS:

That the Board:

1. Review and consider the Initial Study/Negative Declaration (IS/ND), on file in the Board Office, prepared by the City’s Bureau of Engineering for the Hollywood Recreation Center, finding that all potentially significant environmental effects of the project have been properly disclosed and evaluated in compliance with the California Environmental Quality Act (CEQA) and the State and City CEQA Guidelines, and that the IS/ND reflects the Board’s independent judgment and analysis;
2. Recommend that the City Council review, consider and adopt the IS/ND, with the City Council making the same findings as the Board;
3. Direct the Bureau of Engineering to file a Notice of Determination with the Los Angeles City Clerk and the Los Angeles County Clerk within five (5) days of Council’s adoption of the IS/ND; and,
4. Authorize the Chief Accounting Employee to make a payment in the amount of \$2,085.25, payable to the Los Angeles County Clerk, for the Notice of Determination (NOD) filing fee (\$75) and the California Department of Fish and Game Fee (\$2,010.25).

REPORT OF GENERAL MANAGER

PG. 2

NO. 10-277

SUMMARY:

The proposed Hollywood Recreation Center (#1402B)(W.O. #E170344) project, which is currently under design, involves demolishing and reconstructing a pool, bathhouse (pool building), and refurbishing and relocating the water slide. The Recreation Center is located at 1122 Cole Avenue, Los Angeles, CA 90038. The existing facility is obsolete and does not meet the requirements of the Americans with Disability Act (ADA). The new pool will be enlarged and made ADA accessible, with a separate landing area from the water slide, and will conform with the new code requirements. The bathhouse upgrades will include providing a bathing facility according to the latest public health codes; improved natural lighting and ventilation; a new family changing area; and building upgrades to conform to new seismic standards. The old pool equipment will be replaced with more energy efficient units. Six existing trees will have to be removed to allow demolition and reconstruction of the new pool and bathhouse. These types of trees are not considered to be heritage or protected species and will be replaced in accordance with the City's Tree Replacement policy. Funding for this project will be from the Proposition K and Quimby Fees.

In accordance with the requirements of the California Environmental Quality Act (CEQA), a Negative Declaration (ND) was prepared for the entire project based on the Initial Study (IS) dated November 2, 2009, which determined that all potentially significant environmental impacts are less than significant. The ND was circulated to all interested parties and responsible agencies with a 20-day review and comment period from November 5, 2009 to November 24, 2009. During this public review period, one phone call and four emails were received expressing support and requesting ample parking and adequate security measures for the Recreation Center.

Upon adoption by the City Council of the Initial Study/Negative Declaration, staff will proceed with the completion of the construction documents. The completed construction documents will then be presented to the Board for approval and call for bids.

FISCAL IMPACT STATEMENT:

There is no immediate fiscal impact to the Department; however, future operations and maintenance costs will be assessed upon completion of the project.

This report was prepared by Catalina Hernandez, Environmental Specialist, BOE Environmental Management Group and Shashi Bhakta, Project Manager, BOE Recreational and Cultural Facilities Program. Reviewed by Neil Drucker, Program Manager, BOE Recreational and Cultural Facilities Program; Deborah Weintraub, Chief Deputy City Engineer, Bureau of Engineering and Michael A. SUMMARY:

In 2003, the City was awarded discretionary grant funds under the State Proposition 40 Per Capita (PC) and Robert-Z'Berg-Harris (RZH) Grant Programs. The purpose of the programs is to fund high priority projects that satisfy the most urgent park and recreational needs in California, with emphasis on unmet needs in heavily populated and most economically disadvantage areas within each jurisdiction.

The Proposition 40 PC and RZH Grant Program contracts are due to expire on June 30, 2011. The State Department of Parks and Recreation encourages the City to complete and submit all close-out packages by March 31, 2011, to ensure the release of payment of all expenditures by June 30, 2011.

In an effort to meet the grant deadline, the Department is making every effort to ensure all Proposition 40 discretionary funds are allocated to eligible projects that will complete by the deadline. Where appropriate, staff has identified projects that were completed within the grant performance period, as in the case of the Orcutt Ranch, Westchester Pool, and Wilmington Recreation Center projects. These recommended funding allocations will be used to reimburse some or all of the project funds used to complete the projects.

NO. 10-279

In addition to authorizing the funding allocations, this report authorizes the Chief Accounting Employee to initiate the necessary accounting transactions resulting from the addition of the Proposition 40 PC and RZH funds to the Orcutt Ranch, Westchester Pool and Wilmington Recreation Center projects.

FISCAL IMPACT STATEMENT:

There is no anticipated fiscal impact on the Department's General Fund.

RECOMMENDATIONS:

That the Board:

1. Approve a proposed Personal Service Contract between the City of Los Angeles Department of Recreation and Parks and David M. Hewitt dba DMH Enterprises, substantially in the form on file in the Board Office, for as-needed booking agent services, in an amount not to exceed \$33,000 per year, for a term of one year, with two (2) one-year renewal options exercisable at the sole discretion of the General Manager, subject to the approval of the Mayor and of the City Attorney as to form;
2. Approve a proposed Personal Service Contract between the City of Los Angeles Department of Recreation and Parks and Todd Elliot dba Elliot Management and Entertainment, substantially in the form on file in the Board Office, for as-needed booking agent services, in an amount not to exceed \$33,000 per year, for a term of one year, with two (2) one-year renewal options exercisable at the sole discretion of the General Manager, subject to the approval of the Mayor and of the City Attorney as to form;
3. Approve a proposed Personal Service Contract between the City of Los Angeles Department of Recreation and Parks and Jumbo Shrimp Circus, Inc., substantially in the form on file in the Board Office, for as-needed booking agent services, in an amount not to exceed \$33,000 per year, for a term of one year, with two (2) one-year renewal options exercisable at the sole discretion of the General Manager, subject to the approval of the

Mayor and of the City Attorney as to form;

4. Find, pursuant to Charter Section 1022, that the Department does not have personnel available in its employ with sufficient time and expertise to undertake these specialized services and that it is more feasible to secure these services by contract;
5. Find, in accordance with Charter Section 371(e)(10) and Los Angeles Administrative Code Section 10.15(a)(10), that the use of competitive bidding would be undesirable, impractical or otherwise excused by the common law and the Charter because, unlike the purchase of a specified product, there is no single criterion, such as price comparison, that will determine which proposer can best provide the services required by the Department for as-needed booking agent services. In order to select the best proposers for this service, the Board finds it is necessary to utilize a standard request for proposals process and to evaluate proposals received based upon the criteria included in the Request for Proposals (RFP). Also, find that the narrower and more specialized competitive sealed proposal process authorized but not required by Charter Section 371, subsection (b), would not meet the Department's needs and therefore opts to utilize the standard request for proposals process;
6. Direct the Board Secretary to transmit the proposed Personal Service Contracts to the Mayor in accordance with Executive Directive No. 3 and, concurrently, to the City Attorney for review and approval as to form; and,
7. Authorize the Board President and Secretary to execute the Personal Service Contracts upon receipt of the necessary approvals.

SUMMARY:

The Department of Recreation and Parks (Department) provides a variety of musical entertainment acts at various facilities throughout the City and uses experienced booking agents that are able to secure a wide range of musical genres and groups to provide talent at these events. Booking agent services have been utilized year round for many Department sponsored events, including the three day Salute to Recreation Family Festival in the Valley and the popular summer concert series at Pershing Square Park.

On May 20, 2009, the Board approved the release of the As-Needed Booking Agent Services Request for Proposals (RFP) in order to enter into a Personal Service Contract with up to six proposers responding to the RFP to provide as-needed booking agent services to secure musicians and musical groups for family-oriented entertainment at Department sponsored events (Board Report No. 09-129).

REPORT OF GENERAL MANAGER

PG. 3

NO. 10-280

The RFP was released on June 15, 2009 and advertised in the L.A. Daily Journal, made available on the Department's website and posted on the Los Angeles Business Assistance Virtual Network (BAVN). In addition, a letter inviting bids was mailed to over a hundred (100) organizations and individuals from a mailing list maintained by the Service Contracts Group.

On July 21, 2009, a Pre-Proposal Conference was held at the Central Service Yard and attended by four companies. On October 13, 2009, five proposals were received from the following firms:

- David M. Hewitt dba DMH Enterprises
- Todd Elliot dba Elliot Management and Entertainment
- Jumbo Shrimp Circus, Inc.
- La Jolla Booking Agency
- Community Arts Resources, Inc.

As stipulated in the RFP, evaluation of the bid proposals occurred in two levels. Level I was a check and review for required compliance and submittal documents and Level II was a comprehensive evaluation of the proposal by an evaluation panel. Proposers must successfully pass the first level to proceed to the next level.

Level I Evaluation

Staff performed a Level I review of the following required documents:

Compliance Documents:

- 1) Proposer's Signature Declaration and Affidavit
- 2) Disposition of Proposals
- 3) Affirmative Action Plan
- 4) Contractor Responsibility Ordinance Statement
- 5) Equal Benefits Ordinance Statement
- 6) Living Wage Ordinance/Service Contractor Worker Retention Ordinance
- 7) Bidder Certification - CEC Form 50

Submittal Documents:

- 1) Cover Letter
- 2) Proposal Deposit
- 3) Experience and Qualifications
- 4) Proposed Services and Products
- 5) Prices of Proposed Services and Products

Proposals are found either Responsive (pass) or Non-Responsive (fail). The following is the complete Level I findings:

REPORT OF GENERAL MANAGER

PG. 4

NO. 10-280

- David M. Hewitt dba DMH Enterprises was found responsive in all seven compliance documents and responsive in all five proposal item submittal requirements (Attachment A).
- Todd Elliot dba Elliot Management and Entertainment was found responsive in all seven compliance documents and responsive in all five proposal item submittal requirements (Attachment B).
- Jumbo Shrimp Circus, Inc., was found responsive in all seven compliance documents and responsive in all five proposal item submittal requirements (Attachment C).
- La Jolla Booking Agency was found responsive in seven compliance documents and non-responsive in one of the five proposal item submittal requirements (Attachment D).
- Community Arts Resources, Inc., was found responsive in all seven compliance documents and non-responsive in two of the five proposal item submittal requirements (Attachment E).

The following three proposals passed the Level I evaluation and were found responsive to the RFP: David M. Hewitt dba DMH Enterprises, Todd Elliot dba Elliot Management and Entertainment, and Jumbo Shrimp Circus, Inc.

Level II Evaluation

On September 2, 2010, an evaluation panel composed of three Department employees with extensive experience with Department sponsored public events evaluated the proposals. The panelists were:

- Louise Capone, Senior Recreation Director
- Robin Smith, Recreation Supervisor
- Gail Okazaki, Senior Recreation Director

Each of the three responsive proposals was reviewed in the areas of Experience and Qualifications, Proposed Services and Products, and Prices of Proposed Services and Products, in order to determine if the responsive proposers would be able to meet the needs of the Department at a reasonable price.

Background

David M. Hewitt dba DMH Enterprises has been booking live music since 1997. Mr. Hewitt has provided booking agent services securing a variety of specialty bands to the Department since 1998. Mr. Hewitt has also provided services to the cities of Santa Clarita, Camarillo and Valencia.

REPORT OF GENERAL MANAGER

PG. 5

NO. 10-280

Todd Elliot dba Elliot Management and Entertainment has been in business booking entertainment services since 1991. Mr. Elliot has provided professional bands and dancers to the Department since 2002, as well as, to Culver City and other large organizations in the greater Los Angeles County area.

Jumbo Shrimp Circus, Inc. began operating in 1994 and has been providing exclusive booking agent services for the Walt Disney Film Division since 1999. They have also provided family oriented entertainment to the Department since 2006, and to the cities of Oxnard, Burbank, Beverly Hills and Fontana.

Staff has reviewed the proposals and finds that David Hewitt dba DMH Enterprises, Todd Elliot dba Elliot Management and Entertainment, and Jumbo Shrimp Circus, Inc., are responsible and capable companies whose proposals meet the needs of the Department. The three companies have provided booking agent services to the City of Los Angeles or other municipalities and large organizations.

It is recommended that contracts to provide as-needed booking agent services be awarded to David M. Hewitt dba DMH Enterprises, Todd Elliot dba Elliot Management and Entertainment, and Jumbo Shrimp Circus, Inc., in an amount not to exceed \$33,000 per year, for a term of one year with two (2) one-year options to renew, exercisable at the sole discretion of the General Manager.

Charter Section 1022

Los Angeles City Charter Section 1022 prohibits contracting out work that could be done by City employees unless the Board determines it is more economical and/or feasible to contract out the service.

On January 23, 2008, the Personnel Department completed a Charter Section 1022 review (Attachment F) and determined that no City employees can perform the as-needed booking agent services. It is therefore more feasible to secure these services through an independent contractor.

FISCAL IMPACT STATEMENT:

There is no impact to the Department's General Fund as the services will be funded from various Municipal Recreation Program Fund accounts.

RECOMMENDATION:

That the Board:

1. Approve a proposed City of Los Angeles Broadband Los Angeles Computer Access Network (LA-CAN) Consortium Memorandum of Understanding (MOU) Regarding the ARRA Broadband Grant substantially in the form on file in the Board Office; subject to the approval of the City Attorney as to form;
2. Direct the Board Secretary to transmit forthwith the proposed MOU, subsequent to approval of the City Attorney as to form; and,
3. Authorize the General Manager to execute the MOU, subsequent to approval of the City Attorney as to form.

BACKGROUND:

The Broadband Technologies Opportunities Program (BTOP) was established by Congress as part of the American Recovery and Reinvestment Act in 2009. Pursuant to the ARRA guidelines, the City of Los Angeles Information Technology Agency (ITA) submitted an application for a BTOP grant for a Public Computer Center (PCC) project in the State of California. A grant totaling \$7,496,157 was awarded on January 13, 2010 to the City of Los

Angeles (City) for the PCC project entitled LA-CAN. The grant award was subsequently approved and accepted by the City Council and the Mayor on February 9, 2010 (CF# 090648-S17).

SUMMARY:

The City of Los Angeles Broadband LA-CAN Consortium will obtain, allocate, and manage the BTOP grant funds as provided in the attached Memorandum of Understanding (MOU). The Consortium consists of Information Technology Agency (ITA), Department of Recreation and Parks (RAP), Los Angeles Public Library (LAPL), and Community Development Department (CDD). ITA is the lead agency for the LA-CAN project.

Based on its submittal, RAP was awarded \$858,560 of the BTOP grant. These funds will allow RAP the opportunity to implement the broadband technology, wireless internet access, and training software at 72 of its Public Computer Centers. Implementation of these programs will enable City residents, who otherwise would not have internet access, to have broadband/wireless internet service available to them at RAP's PCCs. The MOU formalizes the administrative responsibilities of the grant between ITA, RAP, CDD and LAPL.

FISCAL IMPACT STATEMENT:

There is no negative fiscal impact as a result of this recommendation. In approving this MOU, the Department will be able to obtain the required funds to implement RAP's portion of the LA-CAN project.
