JOIN OUR PARK ADVISORY BOARD AND MAKE A DIFFERENCE!!!

Park Advisory Boards and their members are essential to the overall operation of a recreation facility. The Department of Recreation and Parks believes that the partnership between staff and the community is of primary importance in identifying and meeting the recreational needs of the community. A Park Advisory Board works to make facilities safe, clean, and hospitable while offering guidance and assistance on programming and fundraising.

A Park Advisory Board member must be a community stakeholder and understand the community's needs and interests. A member should support park improvements and help establish goals for the park. A member should also assist with special events and fundraising for park improvements. All PAB members are selected by the Department of Recreation and Parks staff. All PAB meetings are open to the public and have allotted time for public comments.
